

How to Make a Snowman

By: Catherine 9B

1. Go to the fill bucket and chose a blue background. There's box in the left hand corner. Type in #3366cc.
2. Go to basic shapes and choose a circle that is 6 ½ cm. in diameter and place it at the bottom. Then choose another circle that is 5 ½ cm. in diameter and put it on top of the other circle. Pick one more circle that is 4 ½ cm. in diameter and put it on the top. Make all the circles white.
3. Go to fill bucket and type in #660099. Then go to stamps and pick two flowers that aren't colored black. They both should be 1cm. and ½. Place them on the smallest ball 1cm away from the top of the top of the head.
4. Go to pencil and click on line color type in #ff9966. Then make the line size 8. Under the eyes draw a smile. It should be 1 cm. in diameter.
5. Go to fill bucket and type in #009933. Then go to basic shapes, and chose a circle. Make it 1cm in diameter. Place it near the top of the middle ball.
6. Go to bucket again and type in #cc0000. Pick another circle that is 1cm in diameter. Place it right in between where the lines go inward between the biggest and the middle ball.
7. Go to fill buck again and type in #333399. Go to basic shapes and chose another circle. It should be 1cm in diameter. Put it in the middle of the biggest ball.
8. Then, type in #663300. On the **outside** edge of the middle of the snow man on its right, draw a stick that should be 2 ½cm in diameter in the middle. Then draw a line attached to the stick that is 1cm. Then make another on the other side that is the same length as the other one. Then in between the two lines draw another one that is 1cm. Do the same on the other side of the snowman.

DONE! TA-DA!
